CHAUTAUQUA COUNTY DEPARTMENT OF FINANCE
NOTICE
Chautauqua County Occupancy Tax Rate is 5%

The Chautauqua County Occupancy Tax rate of 5% applies to all room rentals of individual stays less than 30 days consecutive. The requirement to pay this tax differs from New York State Sales Tax Law. Owners of lodging facilities within the County, including but not limited to cottages, apartments, hotels/motels, bed and breakfasts, guest houses and condominiums should contact the Chautauqua County Department of Finance, not the New York State Department of Taxation, for clarification on this law. Willful failure to comply is punishable by a misdemeanor with up to a $1,000 fine and/or one year imprisonment.

Revenues from the County’s Occupancy Tax are dedicated solely to enhancing the lakes, tourism, and tourism related activities including funding for the arts and museums. A detailed list of organizations supported is available at the County’s website.

For complete details go to www.co.chautauqua.ny.us or contact the Finance Department at (716) 753-4223.

The BPO has planned a season filled with glorious music celebrating our American musical heritage, and the European tradition upon which it was built. JoAnn Falletta conducts a Classics season opening with stunning violinist Anne-Sophie Mutter, and continues with blockbuster performances from Bernstein's *West Side Story* and Gershwin's *Rhapsody in Blue* to Dvořák's *New World Symphony*, and Orff's *Carmina Burana*.

The Pops season created by John Morris Russell echoes the amazing American mosaic, from classics, jazz, and soul to Broadway, Hollywood, and rock 'n roll. Highlights include Disney *FANTASIA* Live in Concert, a Halloween treat with the incredible feats of Cirque de la Symphonie, and the unique sound of the Glenn Miller Orchestra. This year's Holiday Pops will feature The Polar Express as its centerpiece.

The PVE30 is the smallest home elevator in the world. It is safe to say that the PVE30 is the smallest home elevator in the world, but by no means should one underestimate its capabilities. The PVE30 elevator has a 350lb (159kg) lift capacity and is capable of up to 50 ft. (15m) of rise over as many as five stops. With a 30 inch outside diameter (total footprint), there are very few homes that do not have the space to accommodate the PVE30 single passenger residential elevator.

Rather than requiring a large elevator shaft, the self-contained home elevator made of polycarbonate and aluminum, rests on the existing ground floor and provides a beautiful panoramic view as you travel from floor to floor within the home.

The PVE30 has quickly found its place as the ultimate space-saving solution for a home elevator. In the event that you need a personal home lift but do not have the ability to accommodate the PVE52 (wheelchair accessible) or PVE37 vacuum elevator models (both larger diameter models), the PVE30 is absolutely the answer for your home elevator.

---

**Stiltz Residential Elevators**
Our home elevators can be fitted virtually anywhere in a two-story home thanks to their small footprints, drive mechanism and dual rail technology. This means Stiltz residential elevators have an unrivaled ability to fit into spaces other elevator lifts cannot with minimal building work and disruption. We offer a complete residential elevator selection to suit most needs including the Stiltz Duo Home Elevator and Stiltz Trio Home Elevator and a standard install can take one day.
