

CHAUTAUQUA FOUNDATION

2009 ANNUAL REPORT

statement of purpose

Chautauqua Foundation, Inc. was formed in May 1937 for the following stated purposes:

I To assist the Chautauqua Institution, Chautauqua, New York, in carrying out and extending its educational, religious and other purposes.

II To solicit, receive, and to acquire by gift, purchase, devise, bequest, or in other lawful ways, real and personal property.

III To hold such property and to invest and reinvest the same and receive the income thereof and to pay said income, less proper expenses, at least annually to the Chautauqua Institution, Chautauqua, New York, for the furtherance of its corporate purposes; except that, if this corporation acquires property for particular purposes or subject to specific conditions, neither said property nor the income therefrom shall be paid or transferred to the Chautauqua Institution, unless said Institution fulfills such purposes and conditions.

If Chautauqua Foundation, Inc., receives property, by gift, devise or bequest, subject to conditions or for specific purposes, which conditions and purposes the Chautauqua Institution fails, refuses or has not the corporate power to observe or carry out, such property shall be disposed of as directed by any court having jurisdiction.

IV Upon such terms as it approves, to dispose of any of its property which it deems unwise to hold.

V In case the Chautauqua Institution ceases to exist or to function in accordance with its corporate purposes, to pay over its income and hold or dispose of its property for the benefit of some similar religious or educational institution, as may be directed by any court having jurisdiction.

VI To do all lawful things proper or needful to accomplish the purposes hereinbefore expressed.

mission statement

Chautauqua Foundation, Inc., is the principal organization responsible for the philanthropic funding of the Chautauqua Institution. In this role it will:

Develop and maintain programs, products and vehicles appropriate to the philanthropic needs of the Institution as determined by the Board of Trustees and the Administration.

Assure fiduciary care in the investment, custody and administration of funds raised.

Disburse funds to the Chautauqua Institution in compliance with the Chautauqua Foundation Articles of Incorporation and the requirements imposed by donors.

Develop and maintain a competent and active Board of Directors and other volunteers as appropriate.

Develop, maintain and direct a professional staff appropriate to carry out the above responsibilities.

In the discharge of its responsibilities, the Chautauqua Foundation will be guided by the Chautauqua Challenge as adopted by the Board of Trustees. The Foundation will be dedicated to quality and integrity in all of its internal and external relationships. The Foundation will anticipate and accept change while maintaining an understanding and appreciation of the history of the Chautauqua Institution in general and the Foundation in particular.

message from leadership

The financial markets during the final seven months of the Chautauqua Foundation's most recent fiscal year, September 1, 2008 to March 31, 2009, created a new environment for us to do our work. During this time, world economies tipped into recession and investment values tumbled. Nearly all forms of investment including US and foreign stocks and bonds, real estate, and commodities saw significant declines in value. Only US Treasury obligations showed modest returns. Understanding and evaluating how we find ourselves where we do is a fundamental responsibility of the leadership of the Foundation.

Like most endowments, funds held by our Foundation have seen significant declines. Nevertheless, because the 2009 distribution to the Institution was established last June at the close of our 2008 fiscal year on March 31, 2008, we are able to provide important and in fact increasing support to the Chautauqua Institution this year. The Board of Directors and staff of the Foundation are collaborating closely with the Institution to find the means to provide future distributions that allow the Institution to deliver the sustainable and high quality programming it desires.

In recent times the Foundation has been expending between six and seven percent of its value annually to support the Institution's programs and the Foundation's operations (which includes fully subsidizing all of the Institution's development costs). The Foundation's goal is to reduce this spending rate to 5.5% so as to insure the long term viability of the endowment, and has slowly been reducing the rate since 2006 toward that target. Simultaneously we have sought to increase our 'dollar' distribution to the Institution to support direct program expense.

To meet that level of spending and take into account the impact of inflation, the Foundation has modeled its portfolio to seek a return of approximately 9% per annum. Based on historical averages, to generate a return of this size, our asset allocation must be heavily weighted to equities (80%) with the balance in fixed income investments. Thus we are highly vulnerable to swings in the equity markets.

As you can see from the charts on pages 23 & 24, we maintain a highly diversified portfolio within our equity holdings. In recent years, to diminish some of our vulnerability to shifts in the equity markets, we have begun allocating resources to alternative investments. These include both private equity and hedge funds. In this past year, these investments produced in the manner we intended by incurring declines much less than the balance of our equity holdings.

Therefore on a relative basis our returns for the twelve months ending March 31, 2009 were satisfactory in comparison to the equity and fixed income markets. However in absolute terms, and in the prospective hardship imposed on our sole client – Chautauqua Institution – these returns are very disappointing.

How are we responding?

First, we are working closely with the Institution to try to ameliorate the reduction in this next year's annual distribution from the endowment to the Institution. Our primary means of doing so is to put increased emphasis on the value of giving to annual operations – The Chautauqua Fund – to underwrite the costs of Chautauqua's extraordinary programmatic

endeavors. An additional gift of \$1,000 to the Chautauqua Fund replaces the earning power of a \$20,000 endowment for that year.

Second, we are encouraging all Chautauquans to include Chautauqua as a part of their estate plans. Bequests are the largest source of endowment funds for most charities. Significant growth in our endowment likewise will come from the bequests of Chautauquans.

Third, we are re-examining both the Foundation's investment policy. What steps might we take to maintain more consistent levels of funding to the Institution in the face of seemingly more volatile investment markets?. Are we able to raise and invest with more of a short-term horizon a level of funds that would allow us to invade the corpus to meet the Institution's immediate needs? We envision having more to say on these topics by this time next year.

Many individuals are responsible for the success of our fund raising efforts last year. While the Chautauqua Fund did not reach its goal, importantly our Fund donors did give more in 2008 than in 2007. Going into Labor Day we were well on track to making the goal, but we believe

external factors such as the rapidly deteriorating economy prevented us from maintaining the pace we had been on. Our thanks go to all the volunteers who are so critical to our success and at keeping our cost of fund raising low. In particular, we salute Fred and Judy Gregory who concluded their third and final year as co-chairs of the Fund. During their tenure the Fund established a new record every year and raised some \$8.8 million. Thank you, Fred and Judy. And thanks also to Mary and Bob Pickens who have agreed to assume leadership of the Chautauqua Fund for 2009.

Not only did Fred conclude his service to the Chautauqua Fund, but he also retired from the Board of Directors at the conclusion of his term in August. Joining Fred in retirement is Selina Johnson who concluded twelve years of service to the Foundation in August. Both of these individuals were conscientious, thoughtful and active participants in the work of the Foundation and we are deeply grateful for their service. In August, the membership elected Char Fowler and John Anderson to serve in their stead and we welcome them to these important and rewarding responsibilities of leadership.

The most significant transition of this past year came with the retirement of Lowell Strohl as chairman of the Board. Lowell's tenure as Chairman for the past six years is most notable for his leadership on behalf of the Idea Campaign. He brought wisdom to its conception and its execution, and most importantly, through the example of his and Becca's personal generosity, he inspired those in leadership and in the community to reach deeper for Chautauqua. We are thrilled that he has agreed to continue serving on the Board of Directors.

We also want to express our thanks to the staff of the Foundation whose efforts are often not visible to our membership or the community. Their diligence and personal commitment to the highest standard of productivity serves Chautauqua very well.

Finally, thank you to all the donors to whom we pay tribute in the listings that follow. It is your generosity, your belief in the extraordinary totality of the experience that Chautauqua delivers, and your commitment to the ideals and value of this place in the larger society that makes this at all possible. We are deeply grateful to you and hope that you will continue to judge Chautauqua Institution to be a most meritorious recipient of your philanthropy.

Sincerely,

Steven W. Percy, Chairman

report of development activities

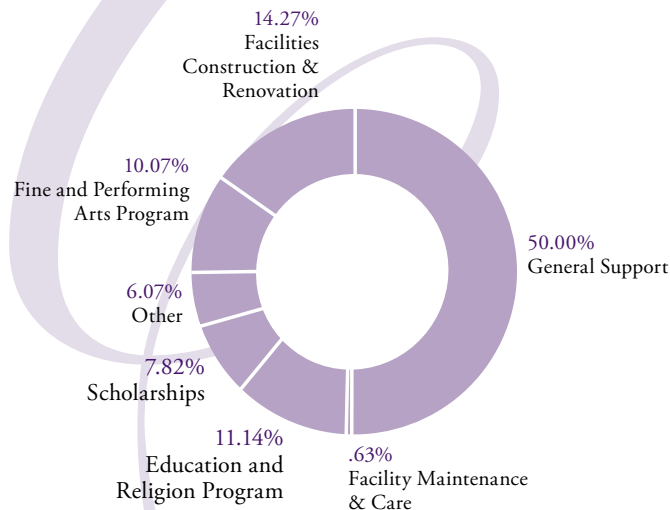

total philanthropic activity

Philanthropic support for Chautauqua in fiscal year 2009 was influenced by the external economic climate and the winding down of payments on pledges for Chautauqua's successful Idea Campaign which raised \$53 million in cash and commitments between 2003 and 2008.

Total Philanthropy to support Chautauqua by year:

	Donors	Raised
Fiscal 2009	3,254	\$ 4,967,463
Fiscal 2008	3,318	15,362,474
Fiscal 2007	3,175	15,280,046
Fiscal 2006	3,679	12,583,952
Fiscal 2005	3,127	5,820,557

The chart above depicts the gifts received by the area of support for fiscal year 2009 and includes all cash and pledges recorded, a total of \$4,967,463.

annual giving: the chautauqua fund

Supporting Chautauqua's annual programming and scholarships, the Chautauqua Fund is a critical part of the Foundation's fundraising efforts.

While the 2008 Fund did not reach its goal, it did exceed the previous year's total by \$55,000, having raised \$2,994,550 from 2,785 donors - the 16th consecutive year of increased giving when measured on a calendar year. This total includes gifts of \$90,000 from 369 donors who made their first-ever gifts to the Fund in 2008. The chart below represents these totals measured against the Foundation's fiscal year.

The Bestor Society, comprised of donors who give \$2,000 or more, saw its membership grow from 570 to 580. The Bestor Society again set the pace by contributing 85 percent of the total dollars raised by the Fund.

The success of the Fund depends upon over 100 volunteers who solicit gifts from their fellow Chautauquans. We express our gratitude to them for all their efforts.

endowment support

The Foundation raises and manages gifts to permanent endowment providing support to the Institution in perpetuity. These endowment funds provide leverage to the Institution by guaranteeing a steady stream of support for program and underwriting the delivery of philanthropy to the Institution.

Gifts to endowment support the Institution in all areas of operation, whether they are restricted to a particular use or allow the

Institution administration to determine their use year to year.

During fiscal 2009, 661 donors contributed or pledged \$693,087 to build Chautauqua's endowment — helping to sustain Chautauqua's vitality in future years.

The Foundation also holds and manages term endowments which ultimately spend out to the Institution all of the gifted amount.

New gift intentions when combined with the previously stated intentions of donors, create a pool of future assets in excess of \$30 million for the Foundation. The vast majority of these future gift intentions are in the form of bequests.

The Eleanor B. Daugherty Society recognizes donors during their lifetime who have chosen to support Chautauqua's mission through a deferred gift. Participants are listed on pages 16 & 17.

capital and other gifts

In addition to the Chautauqua Fund, the Foundation raises capital and other gifts to supplement special initiatives that cannot be accomplished through the annual operating budget. Primarily these gifts support the renovation or

construction of facilities and extraordinary program initiatives.

Notable gifts in these categories in fiscal 2009 have provided for the renovation of the former Summer School Dorm, the completion

of the multi-year rehabilitation of the Arts Quad, and funding of programming for the Abrahamic Community Program, Chautauqua's week on applied ethics, and development of new internet-based outreach initiatives.

the eleanor b. daugherty society

The Eleanor B. Daugherty Society was established to honor those individuals who have remembered Chautauqua in their estate plans through a bequest intention, life income arrangement, or a charitable lead trust. The Society was named in honor of the late Eleanor B. Daugherty, a Chautauquan and retired music teacher from Buffalo, New York, who left a major bequest to Chautauqua. New society members are highlighted with the following symbol (☰).

treasurer's report

The treasury function at the Foundation consists of four primary responsibilities: (1) day to day operations and budgeting; (2) evaluating and reporting performance; (3) endowment management; and (4) an audit function.

The Foundation's net assets were \$45.4 million at the close of its fiscal year end on March 31, 2009; \$19 million lower than reported at the beginning of the fiscal year. The decline in asset value was attributable to investment losses of \$16 million on endowment assets. The remainder of the reduction in net assets was related to valuation adjustments on receivables and expenses in excess of income.

As measured at our fiscal year-end, 442 individual funds' market values fell below their historical gifted value. These funds are referred to as "underwater" funds. The amount of losses, on a fund by fund basis, at year end was \$9.3M and is shown as unrestricted net assets on page 26.

The Pension Protection Act of 2006 discourages or disallows certain gift activity to supporting organizations. In an effort to maintain flexibility for existing and future supporters, the Foundation's Board implemented a change in the Foundation's tax status from a supporting organization to a public charity under section 509(a) (1) of the Internal Revenue Code effective January 1st 2009. This change removes IRS imposed restrictions on certain types of donations to the Foundation, including distributions from individual retirement accounts and contributions from donor advised funds and private foundations.

Under its new IRS classification, the Foundation began reporting annual operating gifts to the Institution (known throughout the community as the Chautauqua Fund) on our books as opposed to them appearing on the books of the Chautauqua Institution. This change takes effect beginning January 1, 2009 and results in

changes to the financial statements that follow, particularly the Statement of Activities.

Cash gifts to endowment lagged prior year's, due in part to the end of the Idea Campaign in 2008, as well as gifts designated for capital projects received in 2008.

Distributions: Support to the Institution

Direct support to the Institution includes distributions from permanently restricted funds in accordance with the Foundation's spending policy along with distributions from temporarily restricted funds and the Chautauqua Fund. Indirect support represents the costs incurred by the Foundation in providing development services on behalf of the Institution.

The amount available to be distributed to the Institution is calculated based on a percent of the three-year average of the endowment funds' market value.

The Foundation's spending includes direct and indirect support to the Institution, administrative costs of running the Foundation and investment management fees. For FY2009, total spending represented 5.6% of the endowment's market value as of March 31, 2008.

In addition to endowment payout, the Foundation distributes from temporarily restricted term funds, a minimum of \$10,000 per year. During fiscal 2009, two funds distributed an additional \$401,000, designated for capital and other special projects.

Contributions to the Chautauqua Fund represent gifts received during the last quarter of the Foundation's fiscal year. These gifts are transferred to the Institution primarily for general support.

Operating expenses include general and administrative expenses of the Foundation and the expense of executing the total development function of Chautauqua, including the Chautauqua Fund.

Direct Support to the Institution:	fiscal year 3/31/09	fiscal year 3/31/08	fiscal year 3/31/07	fiscal year 3/31/06	fiscal year 3/31/05
Support from Endowment	\$2.28M	\$1.66M	\$1.58M	\$1.44M	\$1.29M
Support from Temporarily Restricted Funds	\$481k	\$1.57M	\$148k	\$222k	\$91k
Annual Support from the Chautauqua Fund *	\$360k	-	-	-	-
	\$3.12M	\$3.23M	\$1.73M	\$1.66M	\$1.38M

* Prior to January 1, 2009, gifts to the Chautauqua Fund were not recorded on the books of the Chautauqua Foundation.

The endowment is made up of more than 550 individual funds, the vast majority of which are permanent endowment created by donors to provide financial support

for a specific activity or program or general support to the Institution. The remaining funds are funds whose principal may be expended but that the Foundation invests as

part of the permanent endowment portfolio, and named temporarily restricted funds which will be expended over a defined period.

treasurer's report (cont.)

The Investment Committee regularly reviews investment policies, strategy, execution, and performance. Because asset allocation is the primary driver of a portfolio's total return over the long run, comparison of performance is viewed in the context of the portfolio's asset class holdings. The Committee's oversight responsibilities cover more than \$45 million in invested assets, comprised of the following portfolios:

- 1) endowment
- 2) agency
- 3) temporarily restricted
- 4) pooled life income fund (PLIF)

Each portfolio is managed according to its specific objectives, and has a unique asset allocation appropriate to those objectives.

1) Individual endowment funds are pooled for investment purposes and tracked with unit accounting. This pooled approach enables endowment funds collectively to benefit from the diversification and efficiencies that are available to larger investors.

Each endowment fund receives its proportionate share of return based on the market value of the endowment as a percentage of the total market value of the investment portfolio.

The endowment's net return in this past year was -28.8% compared to a strategy benchmark of -31.7%.

During the year the committee reviewed the endowment asset allocation and approved the addition of Treasury Inflation-Protected Securities (TIPS) and Real Estate Investment Trusts (REITs). Funding of these asset classes is expected to be made during fiscal year 2010.

2) Agency funds, held in custody for the Institution, had a market value of \$1.0 million and \$1.3 for March 31, 2009 and 2008 respectively. The asset allocation for this portfolio is adjusted annually to reduce exposure to equities commensurate with the fund's depletion schedule. Asset allocation for FY2009 was 55/45 equity/fixed income and had a -4.4% return for the year.

3) Temporarily restricted funds are held and managed separately from permanently restricted endowment funds, employing a very conservative investment strategy. Return on these assets was 2.1% for FY2009.

4) The management and investment strategy of the pooled life income fund (PLIF) is reviewed annually with trustee JP Morgan/Chase. At March 31, 2009, total PLIF assets were \$2.9 million, invested 70/30 equity/fixed income and produced an -11.0% return compared to a benchmark of -11.4%.

Investment performance is presented on a net basis, defined as total return after all investment management fees.

Hirtle Callaghan & Co. serves as the Foundation's Chief Investment Advisor.

Active managers oversee approximately 90% of the Foundation's endowment portfolio. The remaining 10% is invested passively in a Russell 1000 index fund managed by StateStreet Global Advisor Funds Management, Inc.

To the right is a snapshot of the endowment assets under management by class as of 3/31/09 and includes the total percentage of the portfolio allocated to the class, as well as the net total return by class compared to the benchmark for the class.

Large & mid cap equity, a diversified portfolio of equity securities of large & mid capitalization U.S. companies

International emerging market equity, a diversified portfolio of equity securities whose companies are based in non-U.S. emerging countries

Small capitalization equity, a diversified portfolio of equity securities of small capitalization U.S. companies

Private equity, a partnership invested in venture, buyout, distressed debt and real estate funds (partially funded)

International equity, a diversified portfolio of equity securities whose companies are based in non-U.S. developed countries

Alternative assets, two hedge fund of funds; invested with a number of managers with diversified strategies

report of independent auditors

The Audit Committee reviewed and discussed the audited financial statements for the fiscal year ended March 31, 2009 with management and Lumsden & McCormick, LLP (L&M), the Foundation's independent auditor. The Committee also concluded that L&M's provision of non-audit services, including tax preparation, is compatible with L&M's independence. The audited financial statements follow.

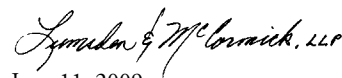

The Board of Directors
Chautauqua Foundation, Inc.
Chautauqua, New York

We have audited the accompanying statements of financial position of Chautauqua Foundation, Inc. as of March 31, 2009 and 2008, and the related statements of activities and cash flows for the years then ended. These financial statements are the responsibility of the Foundation's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as

evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Chautauqua Foundation, Inc. at March 31, 2009 and 2008 and the changes in its net assets and cash flows for the years then ended, in conformity with accounting principles generally accepted in the United States of America.

notes to financial statements

1. Summary of Significant Accounting Policies:

Organization and Purpose:

Chautauqua Foundation, Inc. (the Foundation) was established in 1937 to raise, invest & reinvest funds to support the mission of Chautauqua Institution (the Institution) to provide cultural, educational, religious & other programs to a large & diverse audience.

Basis of Presentation:

The Foundation reports information regarding its financial position & activities according to three classes of net assets: unrestricted net assets, temporarily restricted net assets, & permanently restricted net assets.

Unrestricted net assets represent cumulative losses of investments on a fund by fund basis.

Temporarily restricted net assets may be spent when relevant stipulations are met.

Essentially all contributions are recorded as restricted since they are received with donor stipulations that limit their use. When a donor restriction expires, temporarily restricted net assets are reclassified to unrestricted net assets & reported in the statement of activities as net assets released from restrictions.

Permanently restricted net assets must be maintained in perpetuity. They are defined as follows:

- Specified funds - use of income is specified by the donor to a specific purpose of the Institution.
- Unspecified funds - use of income is unspecified as to purpose & may be used as the Institution determines.

Cash:

At various times, cash in financial institutions may exceed federally insured limits and subject the Institution to concentrations of credit risk.

Investments:

Investments in marketable securities are stated at fair value as determined by quoted market prices. Alternative investments include investments in partnerships whose holdings consist primarily of funds, and investments in limited partnerships that are reported as “estimated capital balances” determined by the investment managers.

To satisfy its long-term rate of return objectives, the Foundation relies on a total return strategy in which investment returns are achieved through both capital appreciation and current yield. The Foundation targets a diversified asset allocation that places a greater emphasis on equity-based investments to achieve its long-term return objectives within prudent risk constraints.

Property & Equipment:

Property & equipment is stated at cost or fair market value at the date of donation, net of accumulated depreciation. Depreciation is provided over estimated useful lives using the straight-line method.

Spending from Permanently Restricted Endowment:

The Foundation's spending policy applies to permanently restricted endowment funds & is based on a rolling three year annual average of each eligible fund's beginning year market value. Spending from permanently restricted endowment approximated 6% for the fiscal year 2009, largely covering direct & indirect support to the Institution as well as covering general & administrative expenses of the Foundation.

Payable to the Institution for Program Support:

Program support payable to the Institution is for the benefit of the Institution & determined by mutual agreement between the Institution & the Foundation pursuant to the Foundation's spending policy guidelines.

Promises to Give:

Unconditional promises to give that are expected to be collected in future years are recorded at the present value of estimated future cash flows. The discounts on those amounts are computed using an interest rate applicable to the year in which the promise is received. Amortization of the discount is included in contributions revenue. Conditional promises to give to the Foundation or the Institution are not recorded as revenue until such time as the conditions are substantially met, and totaled \$19,287,000 and \$18,553,000 at March 31, 2009 and 2008.

Tax Status:

The Foundation is a 501(c)(3) corporation exempt from income taxes under section 501(a) of the International Revenue Code. The Foundation believes it is no longer subject to examination by Federal and State taxing authorities for years prior to 2006.

Use of Estimates:

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

2. Restatement:

During the year ended March 31, 2009, it was determined that certain contributions receivable recorded during the year ended March 31, 2007 were conditional promises to result, the financial statements for 2008 have been restated. The restatement had no material effect on the change in net assets for the year ended March 31, 2009. The effect of this restatement on net assets is as follows:

Permanently restricted net assets at		
April 1, 2007, as previously reported	\$	47,862,588
Correction of an error in the recognition		
of conditional contributions receivable		(1,711,167)

Less discount (7%)	5,737,148	7,669,601
Discounted Receivables	\$ 5,375,473	\$ 6,237,089

Contributions at March 31, 2009 are expected to be received over the periods shown below:

Less than one year	\$ 443,127
One through five years	461,070
Greater than five years	4,471,276
	\$ 5,375,473

Included in contributions receivable are various charitable remainder trusts. The present value of estimated future payments to the Foundation is calculated using a discount rate of 7% and applicable mortality tables. Changes in the valuation of the agreements are included within contributions revenue in the statement of activities.

6. Distributions to the Institution:

Amounts payable for program support at March 31:

	2009	2008
Income & principal	\$ 1,763,986	\$ 1,747,065
Income from prior periods	206,757	206,386
	\$ 1,970,743	\$ 1,953,451

The following amounts were recorded as program support to the Institution for the years ended March 31:

	2009	2008
Income from permanently restricted endowment	\$ 1,635,385	\$ 1,656,300
Income and principal from temporarily restricted gifts and other funds	1,128,860	1,574,029
	\$ 2,764,245	\$ 3,230,329

7. Other Transactions with the Institution:

Pursuant to an understanding between the Foundation and the Institution, the Foundation reimburses the Institution regularly for various personnel and administrative expenses.

The Foundation guaranteed a promissory note payable by the Institution totaling \$1,877,969 at March 31, 2009. Amounts held by the Foundation on behalf of the Institution to help repay the note totaled \$842,964 and \$1,241,426 at March 31, 2009 and 2008. An additional \$194,067 and \$101,653, unrelated to the Institution's promissory note, was held by the Foundation at March 31, 2009 and 2008 on behalf of the Institution.

8. Net Assets:

At March 31, 2009 and 2008, the market value of certain endowment funds was \$9,393,243 and \$162,715 lower than the original gifted values due to investment experience. These amounts are reflected in the statements of financial position as negative unrestricted net assets.

Temporarily restricted net assets are comprised of income and gifts restricted for the following purposes:

	2009	2008
Gains - specified endowments	\$ 1,187,019	\$ 6,885,732
Gains - unspecified endowments	15,149	2,853,617
Temporarily restricted gifts	1,087,921	2,445,442
	\$ 2,290,089	\$ 12,184,791

Permanently restricted net assets have been restricted by donors to be maintained by the Foundation in perpetuity. The Foundation's Board has interpreted the State Uniform Management of Institutional Funds Act (UMIFA) as requiring the preservation of the fair value of the original gift as of the gift date of donor endowment funds, absent explicit donor stipulations to the contrary.

Permanently restricted net assets are comprised of the following endowment gift categories:

	2009	2008
Specified endowments	\$ 32,724,000	\$ 32,245,098
Unspecified endowments	16,584,078	17,113,844
	\$ 49,308,078	\$ 49,358,942

9. Retirement Plan:

The Foundation participates in a 403(b) retirement plan for substantially all employees, subject to plan conditions. The Foundation contributes 10% of the employee's gross pay each year. Funded contributions and costs totaled \$57,900 and \$59,300 for the years ended March 31, 2009 and 2008.

10. Fair Value Measurements:

Investments in marketable securities are measured at fair value on a recurring basis on the balance sheets. The fair value for all amounts at March 31, 2009 and 2008 were determined based on quoted prices in active markets.
